

GORDON TRUEMAN

BENEFIT AUCTION

FEBRUARY 4, 2012

Gordon T. Trueman has always been involved in horses in one way or the other, whether it be working on ranches, managing a riding arena, 4-H, roping, penning, trail riding or just riding for the fun of it. Besides his love for a good horse, he also has a tremendous fondness for his heavy horses, using them for chores, cutting and hauling hay or giving sleigh rides. He has made many a child's day by giving a Christmas sleigh ride followed by a good snuggle from his team. He has always had a love for horses and the joy that they bring to people of all ages.

Gordon is an Equine Canada Level 1 coach and is involved with the Saskatchewan Reining Horse association and Saskatchewan Horse Federation. Over the last 15 years he has been instrumental in teaching and coaching youth within the Prince Albert area. He has donated countless hours with various 4-H Clubs assisting youth to improve their riding abilities while at the same time establishing confidence and building their self-esteem.

On June 4, 2011 while attending a clinic from his life-long mentor, Vern Sapergia, Gordon was involved in a horse related accident which landed him in hospital to repair a broken pelvis. While in hospital Gordon developed some life altering, near death complications that resulted in more than 28 surgeries in an attempt to save his life. But Gordon is strong and came through each surgery and was eventually transferred home to Prince Albert, well ahead of any Doctors prediction. Gordon still remains in hospital and although he is slowly recovering, he will need more surgeries to finish repairing the damage that was caused. But these surgeries can not be performed anywhere near home and so sometime in early 2012 Gordon will be sent to Toronto, Ontario to complete the, what we hope will be, last surgeries.

The organizing committee of this event would like to thank all those that purchased tickets to this event. And a big Thank You to all those who donated.
